

A professional video camera is shown in a close-up, slightly angled view. The camera is dark-colored, likely black or dark grey, and features a large lens on the left side. A small LCD screen is visible on the top left of the camera body. The background is blurred, showing what appears to be an indoor setting with some structural elements. The entire image is overlaid with a semi-transparent blue filter. Two white horizontal lines are positioned on either side of the text, extending from the left and right edges of the frame towards the center.

BUILDING WORLD CLASS
DIGITISED EVENTS

TECHNATIVE

A DIGITAL REVOLUTION

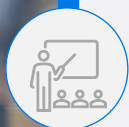

Livestreaming and event digitisation aren't just for global pandemics. Ensure your communications are heard and your critical events are seen at the best possible quality.

We can stream from your chosen venue, supply our own studio location and/or stream from a speaker's location who is unable to travel.

THE PLATFORM

We can livestream to any location; a YouTube channel, a pay per view platform which is embedded to your website, a social media platform, a branded microsite – the digital world is your oyster.

ENGAGE YOUR AUDIENCE

We can provide a microsite for your event on which you can have options including;

- polls
- Q+A
- managed messaging
- networking sessions.

When it comes to audience engagement we won't be beaten, if you can think it, we can make it happen.

TAKE THE STRESS AWAY

Your digital event needs to be as good as your 'real life' event. We can come in at any point in your planning and advise on the best systems and options for digitising your event.

- We'll work with both you and direct with your venue
- Full support throughout
- All equipment provided and run by us

FULL SUPPORT

Don't get left in the cold. We will be with you every step of the way. Whether it's to liaise with your AV company, help plan the staging or just to talk things through.

Some of our many options are:

4K CAMERAS AND QUALITY AUDIO

Your audience being able to see and hear what is happening is crucial to running a successful digital event.

MULTIPLE ROOMS

We can handle multiple stages at once and can supply a green screen studio.

BRANDED MICROSITE

We can create a branded site to host your event, with options for sponsors, audience interaction and much more.

PAYWALL AND SIGN UP

Keep your event private and exclusive by hosting it behind a paywall. We can arrange this and your delegate sign ups.

We are proud to have worked with clients such as Grant Thornton, Phoenix Group, Great Western Air Ambulance, BBC, Eurosport and many more.
