This year's event will especially honour the ladies who went to war and the special Operatives Executive, the bravest of the brave men and women who operated in the occupied countries in Europe and the Far East. Theirs was a lonely war and they risked it all even knowing that should they be caught their fate was torture and almost certain death. We commemorate the service and sacrifice of all those who lost or risked their lives.

This is also a year for celebration as we mark HM The King's Coronation and look forward as he picks up the mantle as an ambassador for the UK to the world.
